

Crisis Response: Returning to Productivity After a Critical Workplace Accident

Event Details

When: February 21, 2018 @ 12:00AM EST [On-Demand](#) Where: [Online Event](#) [Online Event](#)

Crisis Response programs can help employers and payers support the victims and witnesses of traumatic workplace incidents, including robberies, assaults, deaths, severe injuries, and natural disasters. During this webinar we discuss key factors to building a successful crisis response program, including how to define stress, critical incident stress and Post Traumatic Stress Disorder as well as how to identify the effects of Critical Incident Stress on the workplace.
